A Complete Team of Damages Experts for Louisiana Personal Injury Cases

RPC's Louisiana team provides plaintiffs and defendants with independent medical examinations, neuropsychological evaluations, life care plans, analysis of lost earning capacity, vocational evaluations, and medical bill analysis. We assist attorneys in all phases of litigation from framing discovery requests through trial testimony.

RPC's Louisiana consultants apply their knowledge of substantive and procedural Louisiana law for expert testimony and personal injury damages to their reports. Our team has experience in the Longshore and Harbor Workers' Compensation Act and the Defense Base Act.

To discuss a case please contact Ron Luke, JD, PhD, President (512.371.8166; rluke@rpcconsulting.com) or Roy Bourne, Operations Manager (512.371.8026; rbourne@rpcconsulting.com).

Life Care Plans

RPC's certified life care planners prepare life care plans, and our physician associates determine medical necessity.

Economic Analysis

Our economists analyze loss of earning capacity and calculate discounted present value for life care plans and calculate support for survivors in wrongful deaths cases.

Vocational Evaluations

RPC's certified vocational evaluators prepare comprehensive vocational evaluations. They have experience conducting vocational evaluations, providing case management and career counseling services, and are qualified to administer a full range of tests.

Medical Bill Analysis

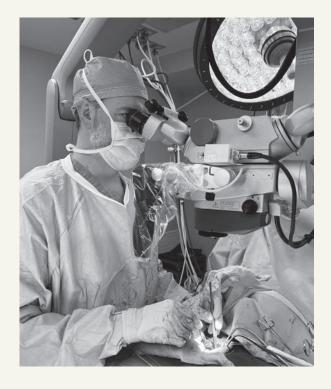

RPC analyzes the reasonable value, medical necessity, and causality of medical services. We also determine reasonableness of charges.

Services Provided:

- ▶ Providing expert opinions on complex construction and insurance litigation matters, drawing from extensive construction experience and a deep understanding of building codes and standards.
- ▶ Building Damage Evaluation and Analysis

 Conducting inspections to assess stormrelated or construction defect damages, including consequential effects.
- ➤ Causation Analysis Determining the root cause of damage to residential and commercial properties.
- ► Cost Estimation Preparing accurate replacement or reproduction cost estimates.
- ▶ **Detailed Narrative Reports** Delivering inspection findings and conclusions in thorough, narrative reports for presentation in federal or state courts.
- ► Expert Witness Testimony Offering testimony for depositions, mediations, settlement conferences, arbitration, and trials in federal and state courts.
- ► Expert Opinion on Construction Matters

 Providing insights on residential construction, design and construction defects, building envelope evaluation, and construction methods.
- ▶ **Drone Inspections** Conducting thorough inspections by FAA-licensed drone pilots.
- ➤ Xactimate Estimates Delivering detailed cost estimates using Xactimate software.

In the realm of legal disputes and property assessments, the value and health of trees can play a pivotal role. Whether you're navigating property boundary issues, involved in a tree accident, evaluating storm damage, or engaged in a development project, having an expert in tree appraisal and health assessment is crucial. The Tree Health Lady offers unparalleled expertise in these areas, providing comprehensive services as an expert witness and consultant.

Expertise in Tree Appraisal

Tree appraisal is a specialized field requiring in-depth knowledge of arboriculture, local regulations, and the intricacies of tree biology. The Tree Health Lady excels in this domain, delivering precise and detailed valuations of trees.

By using recognized appraisal methods, the Tree Health Lady ensures accurate and defendable valuations that can be critical in legal settings and insurance claims.

Services

- Tree risk/damage inspections and reports
- Tree and plant appraisals
- Expert witness testimony
- Storm damage evaluations
- Developing impact studies for trees
- Tree risk assessments

Credentials

When tree-related issues become legal matters, the Tree Health Lady provides expert witness services, bringing credibility and clarity to complex cases. Her qualifications include:

- International Society of Arboriculture: Board Certified Master Arborist (TX-3993B)
- International Society of Arboriculture: Tree Risk Assessment Qualified
- American Society of Consulting Arborists: Tree and Plant Appraisal Qualified
