

Dr. David J. Barczyk

**Chiropractic Physician, Biomechanist and ACTAR
Accident Reconstructionist**

Barczyk Biomechanics Institute
204 Petroleum Dr
Lafayette, LA 70508-3880

Dr. Barczyk is a New Jersey native and has a B.S. degree in liberal arts from the State University of New York. He earned his doctorate degree in chiropractic at Life Chiropractic College in Atlanta, GA in 1994. He has extensive post-graduate training in biomechanics, occupant kinematics, and accident reconstruction (over 500 hours). This includes participating in crash testing through the Center for Research in Automotive Safety and Health (CRASH) and Texas A&M University Engineering Department. He has observed and participated in over 50 crash tests with human volunteers, including his own crash seminar which was co-sponsored by Louisiana State Police. He is an ACTAR Certified Traffic Accident Reconstructionist (ACTAR#3183). Dr. Barczyk also has 135 hours of post-graduate studies in neurology at Parker Chiropractic College. Dr. Barczyk has been qualified to testify as an expert in motor vehicle crash biomechanics, and lectures regularly to legal, judicial, physician, and law enforcement groups on this subject.
