SEO THAT DRIVES REAL REVENUE GROWTH

Omnizant is pleased to offer LSBA Members search engine optimization (SEO) campaigns designed to enhance their firms' visibility and drive growth. There is no one-size-fits-all SEO plan which is why Omnizant offers four different plans to help firms reach their unique business development goals.

SEO plans with Omnizant range in price from \$990 to \$5,000 per month and depend on the competitiveness of your firm's market and key area(s) of focus. All plans include:

- ✓ Foundational strategy development
(including the creation of personas, editorial calendar and earned media plan)
- ✓ On-page optimization
- ✓ Core directory listings and directories management
- ✓ Monthly blog articles and/or web pages drafted by attorney writers
- ✓ Earned media
- ✓ Conversion tools
- ✓ Monthly reporting
- ✓ Dedicated account manager
- ✓ Quarterly business reviews
- ✓ Annual accessibility audit

During your complimentary web audit, one of Omnizant's marketing consultants will review your current website and marketing goals, and provide you with a detailed proposal on the plan that's right for your practice.

Media coverage can expand your firm's reach and attract new clients. Omnizant's earned media service (included in all SEO plans) is a great way for LSBA members to get in front of reporters from local and national publications. These placements, which can be in the form of a news segment, a newspaper article, a radio spot or a trade publication article, help to showcase your firm's expertise and establish credibility with your audience.

Omnizant's earned media service includes pitching to over 400 publications, including:

Law360 **The New Orleans Tribune** **The Baton Rouge** **The Shreveport Sun**
ThinkAdvisor **Nola Family Magazine** **Bossier Press-Tribune** **Legal Reader**
